

Specialist Diploma in Aircraft Maintenance & Engineering (SAME)

MAR / SEP INTAKE

Course Description

The Specialist Diploma in Aircraft Maintenance and Engineering (SAME) is a programme conducted by Air Transport Training College (ATTC), the Professional Development Centre of the Singapore Institute of Aerospace Engineers (SIAE)*.

This programme fully meets the requirements of skills required for the aerospace industry as well as providing you with the basic knowledge needed to be employed in an aircraft line maintenance environment. This training will also prepare you for the Civil Aviation Authority of Singapore (CAAS) Cat A1 certifying personnel examination.

SAME is a WSQ-approved course which integrates the modules of WSQ Higher Certificate in Aerospace Maintenance with specialisation in Aircraft Maintenance (Mechanical).

The SAME course incorporates the Basic Training for Category A1 of Part 66 of the Singapore Airworthiness Requirements of CAAS. Upon successful completion of the Basic Training, you need to complete only 1 year (instead of 3 years) of practical maintenance experience which is one of the requirements to qualify for a CAAS Category A aircraft maintenance licence.

As the Basic Training is also approved by the Maldives Civil Aviation Authority (MCAA), upon successful completion of the Basic Training, you similarly need only to complete 1 year (instead of 3 years) of practical maintenance experience to qualify for a MCAA Category A aircraft maintenance licence. Additionally, MCAA also exempts you from the relevant Category A basic module examinations.

* SIAE is a non profit Professional Institution

Career Prospect

Students who graduate with Specialist Diploma in Aircraft Maintenance and Engineering (SAME) and obtained the CAAS SAR-66 Cat A1 Licence** will find prospect for employment in the Aerospace industry locally and internationally.
** One year of additional relevant Aircraft Maintenance Experience is required

Admission Requirement

GCE 'O' Level with credit in English, Mathematics, and Science [Combined Science, Physical Science, Physics, Science (Physics, Biology), Science (Physics, Chemistry)] OR NITEC / Higher NITEC in relevant Engineering discipline OR Other equivalent qualifications from recognized engineering institutions

Application by Appointment Only

Monday to Friday: 9.00am OR 2.00pm

Course Duration

Full-Time: 1 year

Monday to Friday: 9.00am to 5.00pm
