

Professional Certificate in Aerospace Workshop Operations

Compulsory: Please attach highest qualification with course application form.
(Submit copy of NRIC and student enrolment form on 1st day of course)

Course Description:

The Professional Certificate in Aerospace Workshop Operations train participants as inspectors, CRS and ARC signatories of Aerospace Overhaul / Repair workshops.

Who Should Attend:

Practising artisans and mechanics, who wish to upgrade to inspectors and certifying signatories for Overhaul / Repair workshops. Participants who have successfully completed the course within the scope as described in the Certification Privilege Table for both Avionics and Mechanical, after 1 July 2005 will also be required to pass CAAS L12 Basic Airworthiness Administration paper before he / she can be qualified as a Workshop Certifying Staff.

(N.B. The credits obtained from this exam are not meant to offset against the Aircraft Maintenance Engineers' basic exam).

Admission Requirement:

ITE NTC 3 or GCE 'N' / 'O' Level

Applicants without the above qualifications may be admitted on a case by case basis. The medium of instruction is English.

Course Duration:

Period : Approximately 2 - 3 months per module

Time of course : 7.00pm to 10.00pm (part-time)

Days of course : 3 nights per week (Monday, Wednesday, Friday)

Course Fee:

Module M1000 - S\$2,398 (78 Hours)

Module M2000 - S\$2,289 (72 Hours)

Module M2200 - S\$2,289 (72 Hours)

Module M2500 - S\$1,962 (54 Hours)

Module M3000 - S\$1,907.50 (60 Hours)

Module M3200 - S\$2,092.80 (54 Hours)

Module M4000 - S\$2,507 (72 Hours)

All fees are eligible for Skills Development Grant (SDG) / Skills Enhancement Incentive (SEI) / Skills Training Incentive (STI) / Skills Development Grant (SDG) / Skills Enhancement Incentive (SEI) / Skills Training Incentive (STI). Course commencement is subjected to number of applications meeting the minimum number to commence a class (SCs or SPRs)

Professional Certificate in Aerospace Workshop Operations

Compulsory: Please attach highest qualification with course application form.
(Submit copy of NRIC and student enrolment form on 1st day of course)

Course Structure

Basic Module (M1000)

M1000A & M1000B Basic Module

Covers the following:

- 1) Basic Engineering and Aerodynamics
- 2) Aviation Practices
- 3) Human Factors and Error Management

Module 2000 Airframe – Fixed Wing

M2000A & M2000B Airframe – Fixed Wing

Covers the following:

- 1) Structures and Repairs
- 2) Hydraulic and Pneumatic Power Systems
- 3) Air Conditioning and Pressurization Systems

Module 2200 Engine

M2200A & M2200B Engine

Covers the following:

- 1) Piston Engine Theory and Construction
- 2) Piston Engine Systems
- 3) Propellers
- 4) Turbine Engine Theory, Construction and Systems
- 5) Electrical and Instrument Systems

Module 2500 Airframe – Rotary Wing

M2500A & M2500B Airframe – Rotary Wing

Covers the following:

- 1) Theory of Flight and Control
- 2) Constructional Arrangement
- 3) Flight Controls
- 4) Transmission Systems
- 5) Equipment

Module 3000 Avionics (General)

M3000A & M3000B Avionics (General)

Covers the following:

- 1) Electrical Fundamentals
- 2) Servomechanism and Electronics
- 3) Automatic Pilot – Airplanes / Rotorcraft

Module 3200 Avionics (Instruments)

M3200A & M3200B Avionics (Instruments)

Covers the following:

- 1) Instrument Systems

Module 4000 Avionics (Comm & Nav)

M4000A & M4000B Avionics (Comm & Nav)

Covers the following:

- 1) Radio Fundamentals 1
- 2) Radio Fundamentals 2

Scope of Operation

The scope in which holders of the certificate may certify CRS and ARC is described in the following table for both Mechanical and

EXAMINATION REQUIREMENTS FOR CERTIFYING STAFF

(MECHANICAL)

Organisation Rating	Category	Required CAAS Papers	Required CAAS Approved PCAWO Modules
B1 & B3	Complete Turbine Engines / APU	B11, B13, C14 & C15	M1000 + M2200
B2	Complete Piston Engines	B11, B13, C11 & C12	M1000 + M2200
C1	Air Conditioning & Pressurisation	B11 & A16	M1000 + M2000
C2	Auto Flight		
C3	Communications & Navigation		
C4	Doors – Hatches	B11 & A12	M1000 + M2000
C5	Electrical Power		
C6	Equipment	B11	M1000
C7	Engine / APU	B11 + C11 or C14	M1000 + M2200
C8	Flight Controls	B11 & B12	M1000
C9	Fuel	B11	M1000
C10	Helicopter – Rotors	B11 & A15	M1000 + M2500
C11	Helicopter – Transmission	B11 & A15	M1000 + M2500
C12	Hydraulic Power	B11 & A14	M1000 + M2000
C13	Instrument		
C14	Landing Gear	B11 & A14	M1000 + M2000
C15	Oxygen	B11	M1000
C16	Propellers	B11 & C13	M1000 + M2200
C17	Pneumatic	B11 & A14	M1000 + M2000
C18	Protection Ice / Rain / Fire	B11	M1000
C19	Windows	B11	M1000
C20	Structural	B11 & A12	M1000 + M2000

EXAMINATION REQUIREMENTS FOR CERTIFYING STAFF

(AVIONICS)

Organisation Rating	Category	Required CAAS Papers	Required CAAS Approved PCAWO Modules
B1 & B3	Complete Turbine Engines / APU		
B2	Complete Piston Engines		
C1	Air Conditioning & Pressurisation	F11 & F13	M1000 + M3000
